

# eLTER STANDARD OBSERVATIONS

one framework, many ecosystems,  
standardised data for all

Contact us at  [office@elter-ri.eu](mailto:office@elter-ri.eu)

**eLTER Standard Observations** provide a unified framework to studying ecosystems and socio-ecological systems across Europe. Through standardised, high-quality data, they reveal the state and trends of the Earth system. Explore how this approach supports science, policy, and sustainability—driving smarter decisions for people and nature.
